

Liquid Food Tanker Trailer

This Liquid Food Tanker Trailer capacity is 25m³-60m³, it can be used for the transportation of liquid food, water and others. It can transport a large amount of liquid food at one time, improve transportation efficiency, reduce transportation times and costs.

The tank design usually has good sealing and thermal insulation performance, which can effectively prevent the influence of external factors (such as temperature changes, dust, impurities, etc.) on liquid food, so as to maintain the quality and freshness of food.

Shandong Dong Xu Vehicle Co., Ltd., as a manufacturer, we can provide customized service as your requirements. And also, OEM/ODM service.
