

## Dong Xu 3 Axle 42 Square V Shape Tanker Powder Tanker Semi Trailer

The 3-Axle 42 Square V-Shape Tanker Powder Semi Trailer is a specialized vehicle designed for efficient transportation of bulk powdered materials, such as cement, flour, and other fine granulates. Its V-shape construction allows for optimal discharge of materials, using either pneumatic or gravity unloading systems. The trailer boasts a 42-square-meter storage capacity, allowing for large payloads in a single trip. And the V-shape design ensures that powder flows smoothly towards the discharge points without getting stuck, maximizing efficiency during unloading.

This type of semi-trailer is widely used in industries like construction and agriculture, offering a durable, high-capacity solution for bulk powder transport.
