

Dong Xu 3-Axle Fuel Tank Semi Trailer

In the realm of fuel transportation, Dong Xu 3-Axle Fuel Tank Trailer stands out as a pivotal asset for efficiency and safety. Designed to handle the demanding requirements of fuel logistics, these trailers offer a blend of capacity, stability, and maneuverability.

The 3-axle fuel tank trailer is engineered to accommodate a significant amount of fuel, typically ranging from 30000 to 60,000 Liters, depending on the trailer's design and specifications. The three-axle configuration not only enhances load distribution but also provides increased stability on the road. This design minimizes the risk of tipping, which is crucial given the hazardous nature of the materials transported.

It is a cornerstone of modern fuel logistics, combining capacity, stability, and safety in its design. Its ability to handle large volumes of fuel while adhering to regulatory standards makes it an indispensable tool for efficient and secure fuel transportation. As industries continue to evolve, these trailers will remain a key component in the infrastructure of fuel distribution.

Product name	3-Axle Fuel Tank Semi Trailer
Type	Semi-Trailer
Max Payload	>30000 L
Size	11500*2500*3800mm
King pin	2"(50mm)or3.5"(90mm)
Leaf Spring	90(W)mm*13(Thickness)mm*10(Layer)
Landing Gear	JOST/FUWA/Yahua Brand 28T
Axle	13 Ton Fuwa Brand
Suspension	Mechanical Suspension
Tire	12r22.5
Capacity	25m ³ -60m ³
Rim	9.00-22.5
Material	Steel
Function	Transport Fuel/oil/water

PS: All the parts of trailer can be customized.
