

## Dong Xu 4 Axle Low-Bed Semi Trailer

Dong Xu 4axle low-bed semi trailer is a crucial piece of equipment in the realm of heavy-duty transportation. Engineered to handle oversized and substantial loads, its design and functionality make it indispensable for industries ranging from construction to manufacturing.

The 4-axle low-bed semi trailer is capable of supporting a significant amount of weight, typically ranging from 30 to 60 tons, depending on the trailer's specific design and construction. This makes it ideal for transporting large construction equipment such as bulldozers, excavators, and cranes, as well as other oversized machinery.

Additionally, many low-bed trailers feature extendable decks or adjustable height settings to accommodate various types of cargo, adding to their versatility. Removable side rails and additional securing mechanisms further enhance their capability to handle different kinds of loads safely.

Product	4 Axle Low-Bed Semi Trailer
Type	Semi Trailer
Max Payload	>30000 kg
Size	13000*3000*1760mm
Axle	3Axle 13Ton / 16Ton Fuwa
Suspension	Mechanical Suspension / Air Suspension
Landing Gear	28Ton Two Speed JOST
King Pin	2"(50mm) or 3.5"(90mm)
Ladder	Mechanical Spring / Hydraulic
Material	Steel
Function	Heavy Duty Transporting

PS: All the parts of the trailer can be customized
