

Dong Xu Oil Tank Fuel Tank 3-Axle Semi Trailer

The Oil Tank Fuel Tank 3-Axle Semi Trailer is designed for the transportation of fuel and other liquid petroleum products. Engineered for safety, durability, and efficiency, this trailer is ideal for long-distance hauls, ensuring the secure delivery of gasoline, diesel, and other fuels.

The tank is made from carbon steel, stainless steel, or aluminum alloy, providing excellent durability and corrosion resistance, essential for carrying volatile liquids. Equipped with three axles, the trailer is capable of carrying heavier loads with improved stability and better weight distribution, ideal for transporting large quantities of fuel over long distances. Equipped with advanced safety features such as anti-static systems, emergency shut-off valves, and fire-resistant materials, ensuring the safe handling of highly flammable substances.

This 3-axle fuel tanker is widely used in the petroleum industry for efficient and secure fuel distribution.

Product name	Oil Tank Fuel Tank 3-Axle Semi Trailer
Type	Semi-Trailer
Max Payload	>30000 L
Size	11500*2500*3800mm
King pin	2"(50mm)or3.5"(90mm)
Leaf Spring	90(W)mm*13(Thickness)mm*10(Layer)
Landing Gear	JOST/FUWA/Yahua Brand 28T
Axle	13 Ton Fuwa Brand
Suspension	Mechanical Suspension
Tire	12r22.5
Capacity	25m ³ -60m ³
Rim	9.00-22.5
Material	Steel
Function	Transport Fuel/oil/water

PS: All the parts of trailer can be customized.
