

3 Axle Fuel Tank Trailer for Sale Petroleum Gasoline

The Fuel Tank Trailer is a specialized vehicle used for transporting liquid fuels and is widely utilized in industries such as petroleum and chemicals. Due to the specific nature of its cargo—flammable and explosive liquid fuels—the design, manufacturing, and operation of tanker trucks must adhere to strict safety standards.

As a critical component of the petroleum and fuel supply chain, the use of fuel tank trailer greatly enhances the efficiency and safety of fuel transportation.

DongXu Fuel Tank Trailers can be made from carbon steel, stainless steel, or aluminum alloy, depending on the type of fuel being transported by the customer. They are manufactured in strict accordance with national safety standards and are only delivered to customers after undergoing rigorous safety testing, always prioritizing the safety of the fuel tank trailer.

Trailer Name: 3 Axle Fuel Tank Trailer

Trailer Type: Semi Trailer

Max Payload: 60 CBM

Max Size: 11500mm*2550mm*3700mm

Axle: 3 Axle Fuwa Brand

Suspension: Mechanical Suspension / Air Suspension

Landing Gear: JOST

King Pin: 2"(50mm) or 3.5"(90mm)

Tire: 12r22.5

Tank Body Material: Stainless Steel/Carbon Steel/Aluminum Alloy

Function: Fuel Transport

All the parts can be customized as your requirements.
